Taught by Carol J. Ellick, author of The Anthropology Graduate’s Guide: from Student to a Career and a team of nationally-recognized experts, the Anthropology Career Boot Camp and Internship Program will provide you with the employer-identified knowledge and skills that will prepare you to start your anthropology career.

The 6-day Boot Camp will be held on the University of Maryland, College Park campus followed by a 6-week long internship within the DC metro area or anywhere across the U.S. Every effort will be made to place interns according to their field of study, area of interest, and geographic preference.

Housing is available on the University of Maryland College Park campus during the Boot Camp. It is also available to those students with internships within the DC metro area.

This program is sponsored by the Department of Anthropology, University of Maryland, College Park.
